Teams and Channels: Show hidden channels

Use this guide when you need to show a hidden channel.

When accessing a channel for the first time, you will need to show it, as all new channels created are hidden.

Step-by-step guide

- 1. Open Microsoft Teams.
- 2. On the Teams is tab, under the General channel, click on the hidden channels.

3. Click on the channel you want to show.

Teams		\mathbb{Y}	General Posts Files Wiki
Your teams			
\mathbb{N}	Sonoma County Water Agency		Sonoma County Water Agency
	General		
	3 hidden channels	>	All Agency Announcements
the			COOP Announcements
tech	CIAS		IT Announcements
	General		
	2 hidden channels		

4. The channel will now be visible.
