# ECC BACKGROUND

## PURPOSE

To strengthen emergency interoperability, response, and recovery capabilities for Sonoma Water and the Water Contractors through improved coordination and communication.

## COMMITTEE GOALS

- Create a forum for coordination and collaboration
- Strengthen partnerships through joint training and exercises
- Develop and practice mutual aid systems
- Improve regional readiness and teamwork
- Use projects as training opportunities

## RECAP: 2025

1. Increased capacity of water sector Safety Assessment Program certified staff  
(TRAINING)
2. Practiced interagency communications and coordination specific to occurrence of unsafe drinking water conditions  
(COMMUNICATIONS AND COORDINATION)
3. Conducted a Sonoma Water Earthquake Impacts Assessment & Resiliency Workshop  
(OPERATIONS READINESS & COORDINATION)
4. Provided a comprehensive Sonoma Water operations and system overview and facility tour for water contractor staff  
(POSTPONED DUE TO WEATHER)

# 2026 Workplan

## GOAL 1

Develop Sonoma Water/Water Contractors **emergency response concept of operations plan** outlining interagency communications and coordination during emergency events.

### January to June

- Develop response coordination structure and emergency roles and responsibilities. Outline emergency concept of operations ensuring alignment with emergency management systems.

### July to September

- Develop tools and templates for action planning, information sharing, shared material material/equipment inventory including resource typing, and vendor/contractor lists.

### October to December

- Conduct validation exercise and provide train-the-trainer training for key staff across all agencies.
