

Water Efficiency Rebate Program

Save Water. Save Money.

The Water Efficiency Rebate Program was established to help you save water, save money, and reduce wastewater flows to your local wastewater treatment plant.

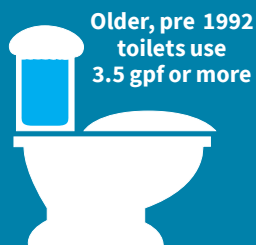

High-Efficiency Toilet Rebate

Get up to \$150* back on the purchase and installation of each new, high-efficiency toilet (HET). Replacing

your older toilet saves water and reduces wastewater without sacrificing performance.

Qualifying HETs use a maximum of 0.8 gallons per flush (gpf) or less and have been third party tested for performance by MaP®. Visit www.map-testing.com for more information.

HETs use 77% less water than the old 3.5 gallons per flush (gpf) toilets.

Participating Sanitation Systems:

Geyserville Sanitation Zone
Occidental County Sanitation District
Penngrove Sanitation Zone
Russian River County Sanitation District
Sea Ranch Sanitation Zone

High-Efficiency Toilet Rebate APPLICATION FORM

How to Participate

1. Read and understand the Program Eligibility and Rules.
2. Determine if your home is connected to a participating sanitation system listed on the front (Page 1). Look on your property tax bill for a line item stating the sanitation district or zone you are connected to or call (707) 547-1918 for assistance.
3. Purchase and install your qualifying 0.8 gallon per flush or less high-efficiency toilets (HET) between July 1, 2026 and June 30, 2027. **Be sure that the toilets are on the List of Qualifying Models and that the model numbers match exactly.**
4. Complete and sign the application form below and an IRS Form W-9. Mail along with **original** purchase receipts/plumbers invoices to:

**Sonoma County Sanitation Rebate
404 Aviation Blvd
Santa Rosa, CA 95403**

5. Please allow 6 to 8 weeks to process your rebate requests. Checks will be mailed to the address provided below.

NOTE: Rebate amount cannot exceed the cost of the HET excluding accessories, extended warranties, service plans, sales tax, delivery, installation or other fees.

Program Eligibility and Rules

1. Rebates are available July 1, 2026 through June 30, 2027 on a first come, first served basis while funding lasts.
2. Your home has an active sewer connection with a participating sanitation system and was built before 1992. Homes built in 1992 or later are required to have low flow toilets installed during construction.
3. The toilets you are replacing are designed to flush at more than 1.6 gallons per flush (generally, toilets manufactured before 1992).
4. Your new toilets have been installed at the property listed below and your rebate application is received or postmarked within 90 days of purchase or delivery. All purchases must be made between July 1, 2026 and June 30, 2027 to be eligible.
5. Your new toilets use a maximum of 0.8 gallons per flush and is listed on the List of Qualifying Models on Page 1.
6. Your old toilets were properly recycled.
7. A **completed and signed IRS Form W-9** must be included with your application. A 1099-MISC form may be issued if combined rebate incentives from the County of Sonoma total \$600 or more per tax year. Download the W-9 form at <https://www.irs.gov/pub/irs-pdf/fw9.pdf>
8. Incomplete applications and those submitted without a completed IRS Form W-9 and original purchase receipts will be returned.
