#### 3. Presentation: Straw Proposal

Parastou Hooshialsadat, Sonoma Water

#### 4. Q&A on Straw Proposal

Sam Magill

All Participants

#### 5. Small Group Discussions

All Participants

#### 6. Report Out from Small Group Discussions

All Participants

#### 7. Wrap Up/Next Steps

Sam Magill

#### 8. Adjourn

Sonoma Water and West County communities are exploring options for improving wastewater infrastructure, protecting local waterways, and addressing long-term wastewater service needs. This survey is intended to gather community input about priorities, concerns, and considerations that should inform future planning and decision-making. All survey responses are anonymous. For more information about the project please visit: [sonomawater.org/westcountystudy](http://sonomawater.org/westcountystudy) Please contact Andrea Rodriguez ([andrea.rodriguez@scwa.ca.gov](mailto:andrea.rodriguez@scwa.ca.gov)) with any questions or if you would like more information. This survey should take 15-20 minutes to complete.
